21		20		19		18		17		16		15	

## Consignes :

1. Choisis un nombre entre 10 et 79.
2. Fais la somme du chiffre des dizaines et du chiffre des unités.
3. Soustrais cette somme de ton nombre choisi.
4. Regarde dans la case du résultat.
5. Quel est le gros animal dessiné dans la case ?

Penses-tu que, avant d'imprimer cette affiche, nous connaissons le nombre que tu allais choisir ?

Cet animal est un bœuf !
